EXPERIENCE

Senior Web Developer

08/2018 - 02/2026

Lux Interactive

Troy, MI - Remote

- Built and shipped a CPA course sales & compliance tracking platform on Sitefinity (.NET MVC, Razor, JavaScript, Aptify), authoring custom widgets that automated 20 hours per week of compliance reporting for CPAs.
- Led the front-end redesign of the Delta Museum site on Sitefinity (.NET MVC, Razor, JavaScript), delivering responsive widget library that reduced editor publishing time by 80%.
- Led front-end architecture for an HR/Payroll Management System (React, Redux), shipping 100+ modules used by unlimited employees across large client organizations.
- Optimized Navitaire flight API integration in Java/IntelliJ, cutting average response time from minutes to seconds and eliminating hidden errors on peak booking traffic.
- Architected and shipped a passenger flight management system (Angular, NgRx, RxJS, .NET Core, MS SQL), scaling to 10,000+ concurrent users.
- Designed, built, and maintained an environmental auditing platform (Angular, NgRx, RxJS, .Net Core, MS SQL) used by hundreds of field auditors to process yearly.

Senior Web Developer

08/2016 - 07/2018

Spud Software Inc

Grand Blanc, MI

- Designed, built, and maintained a Time & Resource Management System (.NET MVC, Razor, JavaScript, MS SQL), replacing legacy workflow for unlimited users.
- Delivered an Automotive Inventory Tool (Angular.js, .NET Core, MS SQL) that consolidated inventory across entire dealerships and reduced lookup time by 80%.

Web Developer

07/2015 - 08/2016

Statclash Inc

Troy, MI

- Shipped new functionality for a Daily Fantasy Sports platform (MVC4, Razor, HTML5) that drove a 50% increase in application efficiency.
- Implemented MVVM architecture with Knockout.js (client) and C# MVC (server) and MS SQL (DB), reducing client-side rendering time and simplifying legacy views.
- Owned UI/UX for a full site rebrand, boosting user engagement 20%.
- Contributed middle-tier and back-end features alongside front-end work, shipping multiple features across the stack.

Web Developer

03/2014 - 06/2015

Anthelio Healthcare Solutions

Remote

- Built and tested internal healthcare management apps (ASP.NET 4.0/4.5, MS SQL 2014) used for patient intake, claims processing.
- Delivered N-tier features end-to-end (Services, DTO, BLL, DAL, stored procs), shipping multiple features into production.

SUMMARY

Full-stack web developer with 15+ years shipping production applications across React, Angular, and .NET Core. Built and scaled platforms supporting 10,000+ concurrent users, led front-end teams, and currently expanding into AI tooling with Claude Code, OpenAI, and MCP. Looking for senior or lead roles where I can drive architecture and mentor teams.

SKILLS

Tools

Visual Studio · VS Code ·
Azure App Service ·
Azure Blob Storage · GitHub · Git ·
Azure DevOps · Team Explorer ·
CLI · IntelliJ IDEA · IIS · Telerik ·
Telerik Charts · Kendo UI ·
Material UI · Sitefinity ·
nopCommerce · Shopify ·
OpenAI · Claude Code · Vercel

Programming

C# · VB · ASP.Net · MVC · Razor ·
T-SQL · Web API · XML · Bootstrap ·
JavaScript · Typescript ·
Sass/SCSS · JQuery · React ·
Redux · Angular · RxJS · NgRx ·
.NET · .NET Core · .Net Framework ·
Entity Framework · Angular UI ·
Ionic · Java · Python

EXPERIENCE

Web Developer 04/2010 - 03/2014

QEK Global Solutions Bloomfield Hills, MI

- Co-developed an asset management system for employee lease vehicles, tracking hundreds of vehicles across multiple locations.
- Designed, built, and tested modules for an existing fleet management web app (VB.NET, ASP.NET 4.0, MS SQL 2008) supporting hundreds of fleet managers vehicles.
- All DAL and BLL objects are using table adapters, datasets, and stored procedures, standardizing into reusable components.

EDUCATION

IT Programming 03/2007 - 02/2008

American Intercontinental University Hoffman Estates, IL

- Major: IT Programming
- Bachelors (Focus on Microsoft Programming): Degree Acquired
- American Intercontinental University
- Hoffman Estates, IL

Business Administration 02/2005 - 02/2007

American Intercontinental University Hoffman Estates, IL

- Associates: Degree Acquired
- American Intercontinental University
- Hoffman Estates, IL

SKILLS

Databases

MS SQL Server · Azure SQL ·

Supabase PostgreSQL ·

Relational DB Design

SIDE PROJECTS

Online Dating

04/2026 - Present

attachy.vercel.app

- Developing with Claude Code, Angular 20, .Net 10, Azure Resources

Ecommerce Projects

01/2023 - Present

gnarlysidewalks.com

- Developed with Shopify. All product images created with Midjourney
